ZERO-1

ZERO-1 JAMMA

Whereas the full gaming experience with the latest all-in-one Casino grade PC from ZERO-1 solution. Its comprehensive features set provides unrivalled connectivity and reliability.

Processing Unit	Intel Atom® Embedded X Series Processor	Main Memory	Dual channels DDR4-3200 non-ECC support
	x6425E Quad core 64-bit processors		Two DDR4 SODIMM sockets
	Support up to 4/4 threads		Up to 32GB memory
	2.0GHz processor base frequency		4 x USB3.1 and 8 x USB2.0 port
	1.5MB L2 Cache		2 x Gigabit Ethernet port
Integrated GPU	Max. 12W TDP	I/O Port	2 x RS232/SAS
	Intel® UHD graphics engine		1 or 2 ccTalk/TTL
	Up to three independent DisplayPort v1.4 channels		1 x RS232/422/485
	Up to 4096x2160 @60Hz Resolution		One 72-pin JAMMA slot
NVRAM	Hardware accelerated UHD video encoder/decoder	JAMMA Interface	One 20-pin JAMMA slot
	4MB battery backup SRAM		7 x Intrusion input
	5-year battery life		TPM 2.0
Storage	1 x CFast socket	Security	Watch Dog timer
	1 x M.2, supports M key type 2242/2280 M.2 PCI Express		12VDC input
	1 x SATA3 for 2.5" HDD/SSD/SATA DOM		
Audio	R/L audio output	Digital Input/Output	16x Opto-isolated digital inputs
	Line in/out and MIC in		16x Darlington digital outputs
		Hardware Meter	8+8 configurable digital inputs or outputs(option)
			8 x Meter Interface
		Dimension(mm)	308.8(W)x216.65(L)x100.15(H)
